

CONTENTS

VOLUME I

SECTION-1 : ENERGY USE	
Commercial Energy Use	1
Energy Consumption Pattern: World Wide	1
Non-Commercial Energy Resources	1
Future Energy Requirement	1
Reference Scenario	2
Alternative Policy Scenario	2
High Growth Scenario	3
Availability of Energy Resource in India	3
Coal and Lignite	4
Petroleum and Natural Gas	5
Nuclear Energy	5
Renewable Sources of Energy	6
Source-wise Energy Demand in India	7
Energy Imports by India	9
India Needs a Faster Development of Electricity Sector	10
20th World Energy Congress	11
Electric Power Development	11
SECTION-2 : ELECTRIC POWER DEVELOPMENT	13
PLANNED DEVELOPMENT OF ELECTRIC POWER IN INDIA	13
Mission 2012: Power for All	14
Strategies to Achieve the Objectives	14
Policy Initiatives	14
Sector-Wise Installed Capacity	14
Power Generation and Power Supply Position	15
<i>Electricity Generation Performance</i>	15
<i>Gross Electricity Generation (Utilities)</i>	15
<i>Plant Load Factor</i>	16
Power Supply Position	17
Energy and Power requirements for Future	18
<i>Anticipated Power Supply Position</i>	18
Target of Capacity Addition	18
Advance Action for Capacity Addition During 12th Plan	20
Different Stages of Power Development	20
Hydro Power	20
<i>Hydro Power - A Good Power Source</i>	20
Hydro Scenario	21
<i>Major River Systems</i>	21
<i>Hydro Potential of India and its Assessment</i>	21
Policy on Hydro Power Development	21
<i>National Water Policy-2005</i>	23
<i>50,000 MW Hydro Initiatives</i>	23
Growth of Hydro Generating Capacity	23
Problems Faced in Development of Hydro Power	26
Areas of Concern and Focus on Hydro Development	26
Survey and Investigation for Hydro Projects	26
Concurrence of CEA to Hydro Electric Schemes	27
Performance Review of Hydro-Electric Stations for the Year 2006-07	27
Nuclear Power	28
Three-Stage Nuclear Power Development Programme	30
Stage I	30

Stage II	30
Stage III	30
<i>Status of Technology Development</i>	30
<i>Development Prospects</i>	31
Thermal Power	31
Technologies for Operation and Maintenance of Thermal Power Plants	33
Performance of Thermal Power Stations	33
<i>Plant Load Factor (2006-07)</i>	35
<i>Operating Availability (2006-07)</i>	35
<i>Planned Maintenance (2006-07)</i>	35
<i>Forced Outages (2006-07)</i>	36
<i>Partial Unavailability and Non- Utilisation of Energy Due to System Load Variation (2006-07)</i>	36
<i>Capacity Group Wise Performance (2006-07)</i>	36
<i>Generation Reliability (Mean Time Between Failures) (2006-07)</i>	37
<i>Operational Inputs (2006-07)</i>	37
<i>Auxiliary Power Consumption (2006-07)</i>	37
<i>Station Operation Under Disturbed Grid/Frequency Conditions (2006-07)</i>	37
<i>Efficiency (Station Heat Rate) of Thermal Power Stations 2006-07</i>	37
<i>Spares for Thermal Power Stations</i>	37
Development in the area of Thermal Unit Sizes	37
Adoption of Higher Size Thermal Units	38
Preparedness for Power Development Scenario Beyond 11th Plan (2012-20)	39
Heat Rate of different Unit sizes	39
System Capability and Grid Related Issues	40
<i>System Capability</i>	40
<i>Stability Considerations</i>	40
<i>Future Grid Inter Connections</i>	40
Large Unit Sizes Available World Wide for Adoption	40
Steam Parameters and Cycle Configuration	41
Cost Economics	41
Indigenous Capacity Building	42
Environmental Benefits of Higher Size Units	42
<i>Other Issues</i>	42
Strategy for Induction of Higher Unit Size	42
Consideration for New Types of Power Plant	43
Private Investment in Power Generation	43
Efficiency and Availability Improvement of Power Plants	44
Standing Linkage Committee (Long-Term)	44
Merchant Power Plants	44
Tax Benefits to Power Sector	44
Reduction in Cost of Civil Works of Thermal Power Plants	45
SECTION-3 : ELECTRIC POWER SYSTEM DEVELOPMENT-TRANSMISSION	
Development of Transmission System	47
Energy Requirement and Peak Demand	47
Transmission System Development	49
Planned Development of Transmission System	49
Landmark Events of Development in the Power Sector	51
Likely future events:	51
Legal Provisions and National Electricity Policy	51
<i>The Electricity Act, 2003 Provisions</i>	51
<i>Provisions of National Electricity Policy</i>	52
Development Process of Inter-State Transmission System	53
Intra-State Transmission System	54
Transmission Capacity Additions During 9th Plan Period (1997-2002)	54

<i>Growth of Transmission System during 9th plan vis-à-vis 8th plan period</i>	55
<i>Salient Features of 9th Plan (Transmission System)</i>	55
Review of Transmission Schemes (9th and 10th Plan)	55
<i>Growth During 10th Plan period</i>	56
<i>Salient features of 10th Plan transmission System</i>	57
<i>Review of Transmission Schemes (10th Plan)</i>	57
Transmission Lines and Transformation Capacity Existing at the End of Various Plan Periods in India	58
<i>Tenth Plan Transmission Achievements</i>	58
National Electricity Plan: Transmission System	59
Need for National Grid	59
<i>Derived Economics of National Grid</i>	60
<i>Phased Development of National Grid</i>	60
<i>Towards Formation of National Grid</i>	61
<i>Inter-regional Transmission System in the country</i>	61
Power System Development Programme for Eleventh Plan	63
<i>Generation Programme</i>	63
Transmission Capacity for Trading/Margins	64
Transmission Schemes for Power Evacuation	64
Transmission Schemes For Power Evacuation Central Sector Generation Projects for 11 th Plan	64
Development of Regional Grids	65
Development of State Transmission System	65
Role of Regional Standing Committees for Transmission System	65
Private Sector Participation in Transmission	67
Inter Regional Exchanges of Power	67
Load Despatch and Telecommunication Facilities for Power Sector	68
Flexible AC Transmission System (FACTS)	68
National HVDC	68
Inter-Regional Transmission Capacity Planned for 11th Five Year Plan (2007-2012)	69
Transmission System for Merchant Power Plants	69
Transmission Planning Philosophy	70
Synchronous Inter-Connection of Southern Region With Rest of Indian Grid	73
Transmission System for Ultra Mega Power Projects	73
Projected Requirement of Inter-Regional Transmission of Power	74
<i>Generation Programme</i>	74
<i>Projections of Availability, Demand and Deficit/ Surplus</i>	76
Projections for 2013-14 for Ultra Mega Projects	77
Intra-State Transmission Programme	78
Growth in 765 kV and HVDC Transmission System during 11th Plan Period	78
Investment Requirement for Transmission System Development – XI Plan	78
<i>Fund requirement during XI Plan – Central Sector Schemes</i>	79
<i>XI Plan Fund Estimates</i>	79
<i>Fund requirement during XI Plan – State Sector Schemes</i>	79
<i>XI Plan Fund Estimates</i>	79
Inter-Country Electric Power Transfer	80
<i>German, Denmark to Launch Market Coupling</i>	80
BIMST-EC Summit Declaration	81
<i>BIMSTEC (Bay of Bengal Initiative for Multi Sectoral Technical and Economic Cooperation)</i>	81
<i>BIMSTEC Energy Centre</i>	81
<i>Areas of Activity of BIMSTEC Energy Centre</i>	81
SECTION-4 : INSTITUTIONAL FRAMEWORK	
Power Supply Related Organisations	83
Electricity Generation	83
<i>Plant Load Factor (PLF)</i>	84
<i>Power Supply Position</i>	84

Installed Electricity Generating Capacity	85
<i>Generating Capacity: Utilities</i>	85
<i>Generating Capacity: Non-Utilities</i>	86
Organisations Related to Power Sector	86
<i>Ministry of Power</i>	86
Matters relating to the following Undertakings/ Organizations	86
Statutory Bodies	87
<i>Appellate Tribunal for Electricity (ATE)</i>	87
<i>Central Electricity Authority (CEA)</i>	87
<i>Bureau of Energy Efficiency (BEE)</i>	88
<i>Damodar Valley Corporation (DVC)</i>	88
<i>Bhakra Beas Management Board (BBMB)</i>	89
<i>Central Electricity Regulatory Commission (CERC)</i>	90
<i>State Electricity Regulatory Commission (SERC)</i>	90
<i>Central Transmission Utility (CTU)</i>	90
<i>State Transmission Utility (STU)</i>	90
<i>National Load Despatch Centre (NLDC)</i>	90
<i>Regional Load Despatch Centres (RLDC)</i>	91
<i>State Load Despatch Centres (SLDC)</i>	91
<i>Grievances Redressal Forum and Ombudsman</i>	91
<i>Coordination Forum</i>	91
<i>Forum of Regulators (FOR)</i>	91
<i>District Level Committees</i>	91
PUBLIC SECTOR UNDERTAKINGS (PSUs)	91
National Thermal Power Corporation (NTPC): NTPC Limited	91
<i>Total Income and Profit</i>	92
<i>Capital Structure</i>	92
<i>New projects</i>	93
<i>New Business Development</i>	94
<i>Joint Venture Partners</i>	95
<i>Diversification</i>	95
<i>Nuclear Power Generation</i>	95
<i>Vertical (backward) integration - Coal Mining and LNG business</i>	96
Coal Mining	96
<i>Performance Highlights</i>	96
Continuing the uptrend during the First Quarter of 2007-08	96
<i>Company's Planning and Execution for Growth</i>	96
<i>Diversified Growth for Value-Creation</i>	97
<i>Areas of Special Thrust</i>	98
National Hydroelectric Power Corporation (NHPC)	99
<i>Objectives of NHPC</i>	100
<i>Areas of Expertise in Hydro projects</i>	100
<i>NHPC profile</i>	100
<i>Projects and their date of Commercial operation</i>	100
<i>Projects Under Construction</i>	101
<i>Development of Small Hydro Projects</i>	101
<i>Joint Ventures are given in Table 4.10.</i>	102
<i>Performance Highlights 2007-08</i>	102
<i>Tariff of NHPC Projects</i>	103
<i>Projects Awaiting Clearances</i>	105
<i>Projects Under Survey and Investigation</i>	105
Rural Electrification Corporation (REC)	106
<i>Category of Schemes Financed By REC</i>	106
<i>Financing of Generation Projects by REC</i>	107
<i>Initiatives in T&D by REC</i>	107

<i>Joint Ventures and wholly owned subsidiaries of REC</i>	107
<i>Category of schemes Financed under T&D</i>	108
<i>Details of the categories of schemes being financed by T&D</i>	109
Powergrid Corporation of India Limited (PGCIL)	110
<i>Areas of Expertise</i>	110
<i>PowerTel</i>	111
<i>Financial performance in 2006-07</i>	111
<i>Performance during 10th Plan</i>	111
<i>Strengthening the National Grid</i>	112
<i>Public-Private Joint Venture Project</i>	112
<i>Operational Excellence</i>	113
<i>Financial Results</i>	114
<i>Grid Management</i>	114
<i>Open Access</i>	115
<i>Project Implementation</i>	115
<i>Financial Management</i>	116
<i>XI Plan proposed outlay</i>	118
<i>Commercial Performance</i>	118
<i>Efforts to Achieve National Grid</i>	118
<i>Integration of New Technologies</i>	119
<i>Technologies for future</i>	119
<i>Initiatives for Strategic Alliance</i>	119
<i>Performance in Telecom</i>	120
<i>Business Development & Consultancy</i>	120
<i>Sub-transmission Works</i>	121
<i>e-Governance</i>	121
<i>Environmental Aspects</i>	121
<i>Operational Performance</i>	122
<i>Energy conservation measures taken and on hand</i>	123
<i>Research and Development</i>	123
<i>Completed Projects</i>	123
<i>Ongoing Projects</i>	124
<i>Joint Ventures of PGCIL</i>	125
North Eastern Electric Power Corporation (NEEPCO)	125
<i>XI Plan (2007- 2012) Projects</i>	127
<i>Summary of XII - PLAN (2012- 2017) Projects</i>	127
Narmada Hydroelectric Development Corporation Limited (NHDC)	128
<i>Performance Highlights</i>	128
<i>11th Plan Projects</i>	129
<i>NHDC Tariff</i>	130
Power Finance Corporation Limited (PFC)	131
JOINT VENTURE CORPORATIONS	131
Tehri Hydro Development Corporation (THDC)	131
Satluj Jal Vidyut Nigam (SJVN)	132
AUTONOMOUS BODIES	132
National Power Training Institute (NPTI)	132
Central Power Research Institute (CPRI)	133
<i>New Test facilities</i>	134
<i>Research & Development</i>	134
<i>Evaluation and Testing</i>	134
<i>Consultancy Services</i>	134
<i>Quality Certification</i>	134
Ministry of New and Renewal Energy Sources	134
Indian Renewable Energy Development Agency Limited	134
<i>Types of Schemes</i>	135

Nuclear Power Corporation Limited	135
<i>Performance highlights of NPCIL 2006-07</i>	136
<i>Ongoing projects</i>	136
<i>Future Nuclear Power Programme</i>	136
Neyveli Lignite Corporation Limited (NLC)	136
PTC INDIA Ltd. (PTC)	138
<i>Long Term Trading Arrangement</i>	139
<i>Power Trade with Bhutan</i>	139
<i>Power Trade with Nepal</i>	140
<i>Short Term Trading Arrangement</i>	140
<i>Solutions for Captives & Industrial Consumers</i>	141
Council of Power Utilities	141
State Power Sector	141
Private Sector Power Utilities	141
SECTION-5 : UPGRADING, RENOVATION, MODERNISATION AND LIFE EXTENSION OF POWER PLANTS/SYSTEMS	
Introduction	143
<i>First phase renovation and modernisation programme of Thermal Units</i>	143
Historical Background of R&M of Thermal Power Stations	143
Causes for Poor Performance	144
Stabilisation of 200/210 MW Units	144
Phase-1 R&M Programme (7 th Plan Programme)	144
Phase -II R&M Programme (8 th Plan Programme)	145
R&M Programme During 9 th Plan	146
National Perspective Plan for R&M and Life Extension of Thermal Power Stations	146
R&M Programme During 10 TH Plan	146
R&M Programme During 11 TH Plan	147
Implementation of R&M Programme	147
<i>Thermal Power Plants: Emission Standards</i>	147
<i>Summary of Renovation and Modernisation of Thermal Power Stations/</i>	147
<i>Partnership in Excellence ('PIE') Programme</i>	147
Renovation and Modernisation of Hydro Plants	148
Methodology Adopted	149
Financial viability of RM&U schemes	149
Upgrading/Upgradation of Transmission Lines	149
<i>R&M of Substation and Transmission Lines</i>	150
<i>T&D system</i>	150
<i>Upgradation</i>	150
<i>Compaction of transmission lines</i>	150
<i>Upgrading of Transmission Lines</i>	150
<i>Upgrading by Replacement of Conductors</i>	150
SECTION-6 : ULTRA MEGA POWER PROJECTS (UMPPS)	
DEVELOPMENT OF ULTRA MEGA POWER PROJECTS	153
Salient Features of the Plant and Choice of Technology	153
The Bidding Process	153
Selection of Sites for Setting up of UMPPs	153
Role of the Ministry of Power	153
Concept of Special Purpose Vehicles (SPVs)	154
<i>Role of SPVs</i>	154
Role of States	155
Status of Projects	155
<i>UMPP at Mundra in Gujarat</i>	155
<i>Commissioning Schedule</i>	155
<i>UMPP at Sasan in Madhya Pradesh</i>	155
<i>UMPP at Krishnapatnam in Andhra Pradesh</i>	156

<i>UMPP Near Tilaiya Dam, Jharkhand</i>	156
<i>Power Off-take</i>	156
<i>Coal Source</i>	156
<i>Environmental Aspects, Re-settlement and Rehabilitation</i>	156
<i>Salient Features of the Plant</i>	157
<i>UMPP in Sundergarh District in Orissa</i>	157
<i>Chhattisgarh UMPP</i>	157
<i>Tamil Nadu UMPP</i>	157
<i>UMPP Site in Karnataka</i>	158
<i>UMPP in Maharashtra</i>	158
Tariff on Competitive Bidding	158
SECTION-7 : NON-CONVENTIONAL ENERGY DEVELOPMENT	
INTRODUCTION	159
Solar Energy Generation	161
<i>Incentives Announced For Solar Power Generation</i>	162
Wind Power Projects	163
Small Hydro Power Programme	163
<i>Potential</i>	416
<i>Progress</i>	166
Biomass Co-Generation Power	166
Integrated Energy Policy Recommendations	166
Grid Connection and feed in Tariff	168
Ministry of New and Renewable Energy Introduce 3 New Schemes to Promote Renewable Energy	169
<i>Megawatt Size grid Interactive Solar power Plant</i>	169
<i>Programme on Development of Solar Cities</i>	169
<i>Programme on Power Generation from Municipal and Urban Waste</i>	169
Eleventh Plan Programme	169
India's Share in CDM	170
<i>Present Status of CDM Market in India</i>	171
Distributed Generation: Different Aspects	171
Distributed-Generation Technologies	171
Economics of Distributed Generation	171
Flexibility of Distributed Generation	172
Distributed Generation Can Provide Grid Benefits	172
Present Application of Distributed Generation	172
Distributed Generation: Grid Interconnection Issues	173
SECTION-8 : FUELS FOR POWER GENERATION	
INTRODUCTION	175
Type of Fuels at Petroleum Fuel Based Power Plants Being Used at Present	175
Lignite	175
Naphtha	175
Fuel Reserves in India	175
Coal	176
<i>Nationalisation of Coal Mines</i>	176
<i>Coal Mining: Legal Provisions</i>	176
<i>Guidelines for Selection of Captive Blocks</i>	176
<i>Guidelines on Disposal of Coal During Development Phase</i>	177
<i>New Coal Distribution Policy</i>	177
<i>Coal Resources, Reserves and Production Definitions</i>	178
Steam Coal	179
<i>Use in the Power Sector</i>	179
<i>Coking Coal</i>	179
<i>Coal Products</i>	179
<i>Patent Fuel</i>	179
<i>Coke Oven Coke</i>	179

<i>Gas Coke</i>	179
<i>Brown Coal Briquettes (BKB)</i>	179
<i>Coke Oven Gas</i>	179
<i>Blast Furnace Gas</i>	179
<i>Oxygen Steel furnace gas</i>	179
Other Fuels	180
<i>Combustible Renewable and Wastes</i>	180
Coal Reserves in India	180
<i>Categorisation of Resources</i>	181
<i>Status of Coal Resources in India 1.1.2002 to 1.1.2007</i>	183
<i>Coal Beneficiation</i>	185
<i>Improving the Quality of Domestic Coal</i>	185
<i>Coal Supply to Utility Thermal Power Stations</i>	186
<i>Coal Requirement Under Different Scenarios</i>	186
<i>Ensuring Adequate Supply of Coal With Consistent Quality</i>	188
<i>Concern of Resource Rich States</i>	189
Gas in Power Sector	189
Ensuring Availability of Gas for Power Generation in the Country	189
Natural Gas	190
Availability and Utilisation of Natural Gas	190
Utilisation of Natural Gas	191
Natural Gas Allocation and Supply Scenario	191
Liquefied Natural Gas (LNG)	191
LNG Imports to India	192
LNG Projects	192
Gas Pricing	192
Regulatory Framework for the Gas Industry	193
Crude Oil and Petroleum Products	193
Diesel Based Generating Plants	139
Nuclear Power Resources	193
Alternative Sustainable Fuel in Indian Context	193
SECTION-9 : ENVIRONMENTAL SAFEGUARDS	
ENERGY-ENVIRONMENT LINKAGE	195
Efforts for Reduction of CO ₂ emissions	195
Ash Production and Utilisation from Thermal Power Stations	196
Strategies for Ash Utilisation	197
Important Issues Envisaged in Disposal of Ash	198
Management of Waste	199
Environment Protection and Improvement	200
National Environment Policy (NEP)	200
Legislative Initiatives for Environmental Protection	200
<i>Major Environmental Legislations</i>	200
<i>The following are the highlights of the re-engineered procedure (in accordance with the Final Notification of 14th September, 2006):</i>	201
Environmental Appraisal Procedure	201
Environmental Concerns of Power Generation	202
For Efficiency Improvement	202
Concerning Environmental Considerations	202
Combined Efficiency Improvement and Environmental Aspects	202
<i>Super Critical Technology</i>	202
<i>Advanced Gas Turbines</i>	202
<i>Flue Gas Desulphurisation System</i>	202
<i>Nitrogen Oxide Emissions Control</i>	203
<i>Fluidised Bed Combustion Technology</i>	203
<i>Washed Coal</i>	203

<i>Need for Coal Washing in India: Non-Coking Coal</i>	203
<i>Non-Coking Coal Beneficiation</i>	204
Variant-1	204
Variant-2	204
<i>Integrated Gasification Combined Cycle (IGCC)</i>	204
<i>Pressurized Fluidised-bed Combustion</i>	204
Major Pollutions from Thermal Power Generation	205
<i>Air Pollution</i>	205
<i>Water Pollution</i>	205
<i>Ash Handling and Disposal</i>	205
<i>Noise Pollution</i>	205
Environment Concerns of Hydro Power Generation	205
Environmental Concerns of Nuclear Power Generation	205
Guidelines for Setting-up a Power Project	206
<i>Siting Criteria</i>	206
<i>Environmental Impact Statement (EIS)</i>	206
<i>Environmental Management</i>	206
<i>Environmental Appraisal Procedure</i>	206
Steps Taken by the Indian Power Stations	206
Maintenance of Ecological Balance	206
Strategy for Environmental Protection for Thermal Power Stations	206
Environmental Protection: Hydro Projects	212
<i>Environmental Impact Assessment (EIA) Studies</i>	213
<i>Resettlement & Rehabilitation (R&R) in Case of Hydro Projects</i>	213
<i>Public Participation Through Public Consultation Process</i>	213
<i>Broad Outline of R&R Package</i>	214
<i>Services to be Rendered on Social Considerations</i>	214
<i>Measures for Conservation of Eco-System</i>	214
<i>Environmental Study Aspects</i>	215
<i>Compulsory Afforestation</i>	215
<i>Catchment Area Treatment</i>	215
<i>Resettlement and Rehabilitation</i>	215
<i>Restoration and Landscaping</i>	215
<i>Free Fuel</i>	215
<i>Protection of Sites of Archaeological Importance</i>	215
Issues Addressed	216
Special Purpose Vehicle (SPV) for Afforestation	215
Initiatives for Improving the Environmental Performance of Coal Based Stations	216
Clean Development Mechanism (CDM)	216
SECTION-10: RURAL ELECTRIFICATION	
Introduction	217
Setting-up of the Rural Electrification Corporation Limited	217
Promotion of Rural Electrification	217
Village Electrification	218
Irrigation/Agricultural Consumers	218
Rural Electrification: Legal Provisions/Policy Initiatives	219
<i>Provisions in the Electricity Act, 2003 and National Electricity Policy</i>	219
<i>Rural Electrification Policy</i>	219
Definition of Village Electrification	220
Present Status of Village Electrification	220
Progress of Rural Electrification in 9th Plan	220
Schemes Undertaken for Village & Households Electrification	220
<i>Pradhan Mantri Gramodaya Yojna (PMGY)</i>	220
<i>Minimum Needs Programme (MNP)</i>	221

<i>The Kutir Jyoti Programme</i>	221
<i>Accelerated Rural Electrification Programme (AREP)</i>	221
<i>Accelerated Electrification of One Lakh Villages and One Crore Households</i>	222
<i>Rural Electrification Programme For 10th & 11th Plan</i>	222
Rajiv Gandhi Grameen Vidyutikaran Yojna - (2005)	222
<i>Details of the Scheme: RGGVY</i>	222
<i>Fund Requirement</i>	222
<i>Funds for 10th Plan</i>	223
<i>New Service Agencies for Rural Electrification</i>	223
<i>Monitoring of Scheme</i>	223
Continuation of RGGVY in XI Plan (2007-12)	224
<i>Rural Household Electrification of Below Poverty Line Households</i>	225
<i>Monitoring Committee</i>	225
<i>Cost Norms</i>	225
<i>Franchisees</i>	225
<i>Revenue Sustainability</i>	226
<i>District Committees</i>	226
<i>Role of Ministry of New and Renewable Energy (MNRE)</i>	226
SECTION-11 : POWER SECTOR REFORMS	
Background	227
Initiatives Taken by the Ministry of Power	228
<i>Conference of Chief Ministers, 2001</i>	228
Historical Background of Legislative Initiatives	229
Distribution Reforms	231
Power Sector Reforms During Tenth Plan	232
Memorandum of Understanding (MOU)	232
Memorandum of Agreement (MOA)	232
Enabling Provisions for Efficient Development of Power Sector	232
National Electricity Policy	232
Reorganisation of Electricity Sector	233
Universal Metering of Service Connections	234
Accelerated Power Development and Reforms Programme (APDRP)	235
Funding Modalities	235
<i>Incentives for Cash Loss Reduction</i>	236
Achievements of APDRP and Other Measures	237
<i>Improvement in AT&C Loss Reduction</i>	237
<i>Reduction in Commercial Loss</i>	237
Constitution of SERCs	237
Restructuring of SEBs	237
Shortcomings of APDRP	237
Restructured APDRP in XIth Plan	238
Adoption of Information Technology in Power Sector	241
<i>Computerised Online Information System</i>	241
<i>High Voltage Distribution System</i>	243
<i>Energy Accounting and Auditing</i>	243
Guidelines for Procurement of Electricity	243
Development of Merchant Power Plants	243
Private Sector Participation in Power Development	243
Transmission System Initiatives	244
Further Legislative and Policy Issues	244
Tariff Policy	244
Introduction of Competition in Power Sector	244
Consumer Awareness and Participation	245
Consumer Protection: Consumer Grievance Redressal Machinery	246

Performance Norms of Operations	246
Financial Viability of Operations	246
Environmental Concerns	246
Quality of Power Supply	247
Coordinated Approach for Development	247
Urban/Rural Mix of Supply Area	248
Greater Transparency and Public Participation in Functioning of Commissions	248
Support From State Government	248
Establishing a Power Sector Reform Fund	248
Better Management Practices	248
Accountability and Corporate Governance	248
Citizens' Charter	248
Reducing Cross-Subsidies	249
Role of the Electricity Regulatory Commissions	249
Recourse to the Ombudsman	249
Fostering Competition Through Open Access	250
Outsourcing of Works/Services	250
New Regulatory Structures	250
Appellate Tribunals	250
Further Initiatives	250
<i>Steps taken to improve the power situation</i>	251
Initiatives in Hydro Sector	253
SECTION-12 : DISTRIBUTION SYSTEMS END USE SPECTRUM	
Distribution Systems	255
Electrical Energy Consumption	255
Electricity Consumption Pattern (Utilities & Non-Utilities)	257
Per Capita Electricity Consumption	257
Electricity Consumers and connected Load	257
System Improvement and Modernisation	257
Distribution System Development XI Plan	258
Achievements of Schemes under APDRP during 10th Plan	258
Initiatives for Schemes Not Covered Under APDRP During XI Plan (APDRP-II)	259
State Level Interventions in Distribution Sector	259
SECTION-13 : POWER TRADING	
Trading of Electricity	261
Grant of permission for setting up of Power Exchange	261
Guidelines for Procurement of Electricity	262
Operationalisation of Open Access	262
Trading during 2006-07/2007-08	262
SECTION-14 : ENERGY SECURITY	
Introduction	265
Global Scenario Influencing Energy Security	265
Options for Strengthening Energy Security	265
<i>Long Term Plan for Development of Hydro Power</i>	265
<i>Hydro carbon policy/exploration of Indigenous energy resources</i>	266
<i>Institutional initiatives</i>	266
<i>Political initiative</i>	267
<i>Technological Development</i>	267
<i>Nuclear Power Generation</i>	267
Major Considerations for Energy Security	267
SECTION-15 : ELECTRICAL EQUIPMENT AND KEY INPUTS	
Introduction	269
Generation Programme	269
Electrical Equipment	269

Thermal Power Plants	269
Hydro Power Plants	269
Key Materials	269
Material Requirement	269
Fuel Requirement	270
Fund Requirement	271
SECTION-16 : SOME TECHNOLOGICAL DEVELOPMENT AND R&D IN POWER SECTOR	
Introduction	273
R&D Dimensions	273
R&D in Power Sector	274
R&D Perspective Plan	274
<i>Road Map of Power Sector in R&D Perspective Plan</i>	275
Cost of R&D	275
Benefits of R&D	275
Major Activities of Central Power Research Institute	275
<i>Research Scheme on Power</i>	276
<i>R&D Thrust Areas in Power Sector</i>	276
<i>Centre for Collaborative and Advanced Research in CPRI</i>	278
<i>R&D Programmes of CCAR</i>	278
Fluidised Bed Combustion	278
New Thermal Generation Technologies	278
Clean Coal Technologies	279
Hydrogen as Energy Source	280
Need for Enhanced R&D Efforts in Power Sector	280
Induction of New Technologies in Transmission/Substation	280
<i>Flexible AC Transmission System (FACTS)</i>	281
<i>National High Voltage Direct Current (NHVDC) Project</i>	281
<i>Standardisation of 800 kV and 400 kV Transmission Systems</i>	281

SECTION-18 : HUMAN RESOURCES DEVELOPMENT/TRAINING NEEDS FOR POWER SECTOR	
Introduction	299
Need for Training	299
Existing Training Facilities in the Power Sector	300
Training for Nuclear Power Personnel	300
Training Strategy	300
Induction Level Training	300
Refresher/Advanced Training	300
Management Training	301
Manpower Assessment for Future Plans	301
Base Manpower	301
Manpower for 10 th Plan	301
Manpower for 11 th Plan	303
Training Methodology	305
Areas of Concern and Required Measures	305
<i>Inadequate Importance to Training</i>	305
<i>Less Emphasis on In-service/Retraining of Power Sector Personnel</i>	305
<i>Introduction of Training on Attitudinal Changes/ Behavioural Sciences</i>	305
<i>Training in Information Technology</i>	306
<i>Opportunities for Higher Studies</i>	306
<i>Training Abroad</i>	306
<i>Training of Non-Technical Officers and Staff</i>	306
<i>Inadequacy of Trainers & Insufficient Facilities for them in the Power Sector</i>	306

<i>Non Availability of Training in Hydro Power</i>	306
<i>Less Emphasis for Training in Power System</i>	306
<i>Training in Renewable and Non-conventional Sources of Energy</i>	306
<i>Non Review of the Objectives of the Training Programmes</i>	306
Under Utilization of the Training Facilities	307
Evaluation of Training Programmes	307
Focus of the Training	307
Attitudinal Changes/ Behavioural Sciences	307
Impact of Reforms	308
Role of Regulatory Commissions	308
Top Management Commitment	308
Training - an investment	308
Training for all Cadres	309
Training for Transmission & Distribution personnel	309
Creation of Training Infrastructure	309
Networking of Training facilities	309
Feedback	309
Distance Education	309
Case Studies Depository	309
Training on Reforms	309
Training at Manufacturer's works	309
Training in Disaster Management	309
Funding	309
Simulator Based Training	310
Training in the Field of Electricity Distribution	310

Annex 2(1) : Installed Capacity of Captive Electricity Generating Plants	268
Annex 2(2) : Electricity Generation by Captive Generating Units	269
Annex 2(3) : Year Wise Growth of Installed Generation Capacity (MW) Mode Wise (Utilities)	270
Annex-2(4) : Growth of Gross Electricity Generation (Gwh) – Mode Wise (Utilities)	271
Annex 2(5) : Installed generating Capacity of the Power Utilities in States/Uts (As on 31-03-2008) (MW)	272
Annex 2(6) : Actual Power Supply Position during 2007 – 2008 (in terms of Energy)	274
Annex 2(7) : Actual Power Supply Position during 2007 – 2008 (in terms of Peak Demand)	275
Annex-2(8) : Plan Wise Growth of Electricity Sector Generating Capacity (Utilities + Non Utilities)	276
Annex 2(9) : Unit Wise Capacity and Date of Commissioning of Hydro Generating Unit as on 31 October 2008	277
Annex 2(10) : Atomic Energy Establishments in India	295
Annex 2(11-1) : Thermal Generating Stations (Capacity Gro Up Wise) As On 31 October 2008	296
Annex 2(11-2) : Unit Wise Capacity And Date Of Commissioning Of Thermal Generating Unit As On 31 October 2008	302
Annex 2(11-3) : Unit Wise Capacity And Date Of Commissioning Of Thermal Generating Unit As On 31 October 2008	304
Annex 2(11-4) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON OCTOBER 2008	305
Annex 2(11-5) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON 31 OCTOBER 2008	306
Annex 2(11-6) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON OCTOBER 2008	308
Annex 2(11-7) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON 31 OCTOBER 2008	309
Annex 2(11-8) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON 31 OCTOBER 2008	310
Annex 2(11-9) : UNIT WISE CAPACITY AND DATE OF COMMISSIONING OF THERMAL GENERATING UNIT AS ON 31 OCTOBER 2008	317
Signing of State Support Agreement	319
Annex 2 (13) : Status of Hydro Electric Potential Development (In Terms of Installed Capacity)	321
Annex 4(1) : Experts Group Meetings held During 2007 & 2008	323
Annex 4(1) : Workshops/Seminar held During 2007 & 2008	324
Annex 4(2) : PUBLICATIONS OF COUNCIL OF POWER UTILITIES	
Recent Publications	325
Annex-5(1) : Plan-wise summary of thermal R&M / LE schemes (as on 15.04.2008)	327
Annex-5(2) : DETAILS OF UNITS PROGRAMMED FOR R&M WORKS DURING 11TH PLAN	328
Annex-5(3) : STATEMENT SHOWING COMPARISION OF PERFORMANCE OF PIE STATIONS AS ON MARCH-2008	335
Annex-5(4) : PHASE -I R&M PROGRAMME (7th Plan)	338

Annex-5(5) : VIII Plan R&M PROGRAMME (Phase - II)	339
Annexure-5(6) : R&M SCHEMES OF THERMAL UNITS COVERED UNDER 9TH PLAN	341
Annex-5(7) : STATUS OF LEP WORKS COMPLETED DURING 9TH PLAN	343
Annex-5(8) : THERMAL UNITS IDENTIFIED FOR LIFE EXTENSION DURING 10TH PLAN	344
Annex-5(9) : THERMAL UNITS IDENTIFIED FOR R&M DURING 10TH PLAN	348
Annex-5(10) : GUIDELINES FOR UNDERTAKING RENOVATION AND MODERNISATION (R&M) AND LIFE EXTENSION (LE) WORKS IN RESPECT OF THERMAL POWER PLANTS.	350
Annex 5(11) : Plan Wise Summary of Hydro R&M Projects in the Country as on 30-09-2007	354
Annex-8(1) : DETAILS OF COAL BLOCKS WHICH STAND ALLOTTED AS ON 06.02.2008	355
Office Memorandum	365
Annex-9(1) : National Ambient Air Quality Standards	374
Annex-9(2) : Environment Standard for Thermal Power Stations	375
Annex 10(1) : Progress report of Village Electrification as on 30-04-2008	377
Annex 10(2) : Progress Report of Pumpset Energisation as on 30-04-2008	379
Annex-10(3) : Scheme of Rural Electricity Infrastructure and Village Electrification (RGGVY 2005 : Cost Estimates of the Scheme	380
Annex-11(1) : SIX LEVEL INTERVENTION STRATEGY	381
Annex-11(2) : THE SALIENT FEATURES OF MOU	382
Annex-11(3) : STATE WISE COMMERCIAL LOSS (w/o Subsidy) OF POWER UTILITIES	383
Annex-11(4) : Salient features of the Tariff Policy	385
Annex-12(1) : Towns Electrified as on 31.03.2007	387
Annex-12(2) : Physical Programme Envisaged for Sub Transmission and Distribution for Urban and Rural Areas during 11 th Plan (2007-12)	388
Annex - 13(1) : Trading Companies as in July 2008	389
Annex 13(2) : List of Buying Entities Under Power Trading (207-08)	392
Annex 13(3) : List of Selling Entities (2007-08)	393
Annex-15(1) : Coal/Lignite Based Plants (660/800 MW)	395
Annex-15(2) : Requirements of equipments for 500 MW thermal units for 11 th Plan and 12 th Plan capacity addition programme	396
Annex-15(3) : Requirement of equipments for 300/250/210 MW thermal units for 11 th Plan and 12 th Plan capacity addition programme	397
Annex-15(4) : Requirements of equipments for 125 MW thermal units for 11 th Plan and 12 th Plan capacity addition programme	398
Annex-15(5) : GAS/LNG BASED PLANTS	399
Annex-15(6) : Total Requirement of Thermal Equipment for coal, lignite and gas based plants for 11 th and 12 th Plan capacity addition programme	400
Annex-15(7) : Requirement of Electrical Equipments for Switchyards associated with Thermal Stations	401
Annex-15(8) : Total requirement of Electrical and Mechanical equipment for hydro projects for 11 th and 12 th Plan capacity addition programme	403
